OBJECTIVE

To work as an entry-level front-end developer, utilizing my basic knowledge and skills and being willing to be trained in the field of web development to cater to the specific needs of people. I wish to work with a team of motivated individuals who wish to work towards the advancement of the company and its goals.

SKILLS

Programming Languages	**Tools & Platforms**
JavaScript, HTML5, CSS/SCSS	Git, Github
Libraries & Frameworks	**Design**
Bootstrap, Tailwind	Figma

EXPERIENCE

Software Developer Intern @ Pixel8 Web Solutions & Consultancy Inc.
Mar 2022 - May 2022 // Legazpi, Albay
- Used basic Javascript, Vue, Quasar, CSS, HTML5 to build responsive front end components
- Used Gitlab for project management, version control, and team collaboration
